POSTED: 23/07/2026

Male English bulldog puppies. Born 6/17. Will be vetted. We offer shipping. The parents are pictured. Merle is 3500 and sable is 2500. These guys come with their age appropriate vaccinations, up to date on deworming, flea prevention, and we send them home with goodie bags of food and essentials for their trip home. If you're interested in making this baby your new best buddy, send us a message, give us a call, or text. We do video chats and are able to ship anywhere in the US for \$500 or less if you're not local. We do require a deposit to hold and we accept most major apps, cash, but we do NOT accept check or money order.
