DESCRIPTION

AD #1629 POSTED: 18/07/2026

I have 4 Female Bernese Mountain Dog Puppies that are ready to go home! All 4 have received their first round of vaccines, first round of de-wormer, and had their vet check-up. They are AKC registered already, and AKC Champion Bloodline. We started socializing on Day 3, and since then the puppies have met, played with, and been held by over 150 people, including a dozen different dogs not including Mom and Dad. They are pee-pee pad training for indoors, and training to go potty in "desired" areas outside. Photos: Omena (Mom) & Leland (Dad) Clare (Turquoise Collar) Hope (Red Collar) Isadore (Green Collar) Laken (Lime Collar)
