Mini Goldendoodle puppies that will be around 30-35 pounds. These puppies have health tested parents and have been checked at 6 weeks by a vet. They have been microchipped and come with a 2 yr health guarantee. These puppies are well socialized! They have started potty and crate training.! We are a small family run business that takes health and temperament seriously. We work with each puppy to ready it for it's new family. Each one is loveable and playful. They love people and other pets.
