DESCRIPTION

AD #1699

POSTED: 05/07/2026

I have ASDR Registered Standard Australian Shepherds available. Parents have been genetically tested clear. Come with two rounds of Vaccines, fully dewormed and microchipped. We are a no dock Kennel so they have their full fluffy tails. Ready to go home 4/4. Lots of black bi's and tri's. I do require a spay/neuter contract and these will go with limited registration. We offer a breeder relinquishment program that states if for any reason you can not keep your dog you may relinquish it back to us for the life time of the dog. This is to ensure we do not contribute to the animal shelter system. Our dogs are genetically tested for color and genetic defects and have tested clear. Our dogs actively participate in Barn hunts, lure coursing, herding and service work.
